June Maths Challenge
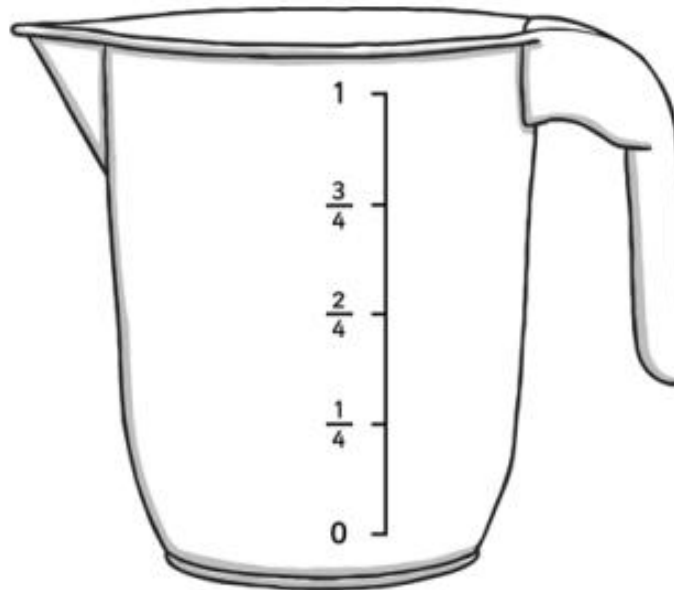

Choose a challenge to solve – Can you solve more than one?

Challenge # 1

Can you share the lollipops equally between the bears? How many lollipops will each bear get?

Challenge # 2

Do I have enough money to buy the ice-cream?

What other coins could I use to buy the ice-cream?

Challenge # 3

Colour the jug to show the juice is a quarter full.

What is 2/4 the same as?

Creative Challenge

Can you create an ice-lolly using a repeated pattern? You can either draw your ice-lolly or be really creative and make your ice-lolly!
