Dear Parent/Carer,

We are excited to invite you to join your child in a special hands-on session as they work on their inventions. As part of our curriculum, the Year 3 have been engaging in an exciting project, and now they need your support to bring their creative ideas to life.

The session will take place on:

Date: 1st October 2024

Time: 1.30 pm

Venue: Bonham – Y3 Ruby and Coral classrooms
St George – Main Hall (enter via Y5 door)

During this time, you will have the opportunity to assist your child in refining and completing their invention. Your encouragement and guidance will be invaluable as they work through their ideas to build their inventions.

We look forward to seeing you there and witness the wonderful creations the children are working on. Please feel free to bring any materials or tools that might help with the project (if needed), but most importantly, bring your enthusiasm.

Thank you for your continued support of our Year 3 pupils.

Kind regards,
Year 3 Team
